

# LEX AUTOLEASE

## HELPING YOUR BUSINESS GET TO WORK.

Lex Autolease Driveaway Solutions are a brand new range of 'ready-to-go' Commercial Vehicles designed specifically for you and your business.

Businesses and public sector organisations across the UK trust Lex Autolease to take care of their vehicle lease requirements. Our comprehensive, friendly service helps you and your business meet its fleet management challenges.

### WHAT IS AVAILABLE?

Developed in partnership with specially-selected suppliers and in response to our own customers' requirements, these purpose-built vans, minibuses and cabs come fitted with a precise specification that's perfect for professional trades.

Whatever your customer's trade or business requirements, they'll be confident that our industry knowledge and experience has gone into building the best commercial vehicle. As a result, we make it easier for your customer to run their business, wherever you want to take it.

### WHAT YOU GET

- 'Ready-to-go', brand new vehicle.
- Shorter lead times.
- Optional maintenance.
- Competitively priced – better than outright purchase.
- All conversions are compliant with Whole Vehicle Type Approval requirements.
- Competitively priced – better than outright purchase and fitting out the van yourself.

### CHOOSE YOUR VEHICLE CONVERSION

#### TRADE VANS:

#### CONVERT YOUR VAN INTO A FULLY-FUNCTIONAL SERVICE VEHICLE.

Our driveaway trade van solutions are modular in every sense. Packed with innovation and smart accessories, they offer endless possibilities for your business. Choose your design quickly and easily, while enjoying peace-of-mind that all products are European TÜV standard ISO 9001 certified and come with a 36-month warranty.

### TRADE OPTIONS AVAILABLE:

- Electrician
- Plumber
- Joiner
- Construction

Other trade van specifications are available upon request.

### THE FOLLOWING VEHICLES ARE AVAILABLE:

#### VAUXHALL

- Combo
- Vivaro
- Movano

#### FIAT

- Fiorino
- Doblo
- Scudo
- Ducato

VAUXHALL

FIAT PROFESSIONAL

---

#### MINIBUSES:

##### ENJOY THE PERFECT COMBINATION OF COMFORT, SAFETY AND FLEXIBILITY.

The Driveaway Movano minibus accommodates up to 17 people, using three seats in a row across the aisle for optimum seating capacity and comfort. Four removable rear seats use quick-release fixtures to create additional luggage space without the need for special tools, while a wide-opening, sliding side door and kick-out standard step ensure easy passenger access.

---

#### TWO CHOICES ARE AVAILABLE:

- 17-Seat Minibus
- 14-Seat Wheelchair Accessible Minibus
- Drive using an ordinary car licence, subject to conditions.
- No D1 licence required. Weight is below 4250kg.
- Outstanding cabin design, for a practical, well-equipped driving environment.

---

#### WELFARE VANS:

##### BENEFIT FROM QUALITY, DURABILITY AND VALUE-FOR-MONEY.

Our Driveaway Movano welfare vehicles utilise every inch of space to give you the best design and build for your budget. Fully compliant with current legislation, they provide your remote workforce with a self-contained, safe and comfortable base from which to carry out their professional tasks.

- Comprehensive duty of care facilities: heating, washing, food heating, hot water, power, crew transport
- Optional W/C facilities, storage and workshop equipment
- Based around a core 5-seat design for full N1 type approval compliance
- Class-leading payload & weight distribution

---

#### CHOOSE FROM FOUR CONVERSION OPTIONS:

- Utility
- W/C
- Workshop
- Versatility

---

#### CHASSIS CAB SOLUTIONS:

##### GET THE SPECIFICATION YOU WANT, AT AN AFFORDABLE PRICE.

Our Driveaway Chassis Cabs offer a versatile vehicle solution – whether you're a single tradesman or a large fleet operator. Whatever equipment you need, our team of experienced engineers will ensure you get the right vehicle for the job. Organised work areas are safer and more efficient with everything at your disposal."

"All conversion vehicles are TÜV GS approved and SLED tested to 50 km/h.

---

#### GENERAL EQUIPMENT OPTIONS:
